

# Sircon e-PAL

## Data Sheet

The number one online reference service in the industry.

The Electronic Producer All-lines Licensing Service (e-PAL) from Vertafore® is the original single-source electronic reference tool for insurance licensing. With more than 2,500 users, e-PAL is the number one reference tool in the industry.

Insurance requirements and regulatory forms are conveniently housed in one location as state rules, regulations, forms, and fees are constantly changing.

### Instant Access to Insurance Regulations and Forms

- Easy-to-use QuickGuides
- Current licensing forms, fees, and payment options
- Instructions for obtaining or filing changes to a license
- Pre-license education and exam requirements
- Continuing education information
- Due dates and mailing addresses for submitting documents
- Renewal information

### Reputable e-PAL Services

- Life, Health, and Variable products
- Property-Casualty
- Credit
- Agency licensing
- Provider requirements for pre-licensing and/or continuing education
- Limited lines
- Adjuster
- Surplus lines
- All-lines (gives access to all services)
- Securities
- State Education Requirements Guide included with subscription

### What's in it for You

- Convenient access to the e-PAL staff to help answer your questions
- Licensing packets emailed to producers
- Quick Links connect to state departments of insurance, producer lookups, state insurance statutes and rules/regulations pages
- Hotline access
- e-PAL availability by state

“Our organization needed a reference tool that could keep track of the ever-changing regulatory requirements. Your e-PAL online reference service provides quality and accurate information at my finger tips. This tool has saved my team time and helped make me more efficient. I have not found any other product on the market that compares to yours.”

**Barbara Vaccaro**, *Director of Licensing,*  
*Aon Law Department-Regulatory & Licensing*
